

Please fax or email completed form to 1.800.620.3702 or pa.psc@cancer.org

Service Referral Form

Your health care provider believes the services and information provided by the American Cancer Society could be valuable to you and your family in dealing with your cancer experience. Please have your health care provider complete this form and forward your information to the American Cancer Society.

You will receive patient information, including information about the programs and services available through your American Cancer Society. In the meantime, if you have questions about your cancer or the American Cancer Society's services, we are available 24 hours a day, seven days a week. Please call 1.800.227.2345 or visit our Web site at cancer.org.

ALL INFORMATION WILL REMAIN CONFIDENTIAL.

I am interested in:

Please fax to the American Cancer Society at the above number.

American Cancer Society Programs

The American Cancer Society provides free, comprehensive patient services and programs designed to help your patients with their information, day-to-day living, and emotional support needs. Below are some of the programs we offer.

	<p>Reach to Recovery® – Trained breast cancer survivors provide one-on-one support and education to individuals dealing with the emotional and physical effects of breast cancer.</p>		<p>Transportation – The Society provides assistance to help cancer patients get to and from their treatment appointments, including the Road to RecoverySM program, where rides are provided by trained volunteer drivers.</p>
	<p>Man to Man® – This comfortable, community-based setting for discussion and education provides men facing prostate cancer with support individually or in groups. Man to Man also offers men the opportunity to educate their communities about prostate cancer and advocate with lawmakers for stronger research and treatment policies.</p>		<p>Hope Lodge® – Cancer patients who need treatment far from home sometimes face a problem: how to pay for a place to stay. The American Cancer Society may be able to help through our Hope Lodge program. Hope Lodges offer free, overnight housing for cancer patients while they are being treated for cancer. Our Hope Lodges offer a comfortable place where you can find support and friendship from others going through the same thing.</p>
	<p>Look Good...Feel Better® – Licensed volunteer cosmetologists teach cancer patients techniques to help restore their appearance and self-image during chemotherapy and radiation.</p>		<p>“tlc”™ magalog – A magazine and catalog in one, “tlc” supports women dealing with hair loss and other physical effects of cancer treatment. The magalog offers a wide variety of affordable products, such as wigs, hats, and prostheses, through the privacy and convenience of mail order.</p>
	<p>Children’s Camps – The American Cancer Society sponsors camps in some areas for children who have or have had cancer. Each of these camps is specially equipped to handle the specific needs of children who are in treatment.</p>		<p>Cancer Survivors NetworkSM – Created by and for cancer survivors and their families, this “virtual” community is a welcoming, safe place for people to find hope and inspiration from others who have “been there.” Services include pre-recorded discussions and personal stories from people with cancer and their loved ones, discussion boards, chat rooms, private and secure email, personal Web pages, an Expression Gallery, and more. All are available online at cancer.org.</p>
	<p>I Can Cope® – This educational program for cancer patients and caregivers provides reliable information, peer support, and practical coping skills.</p>		

We **save lives** and create more birthdays by helping you stay well, helping you get well, by finding cures, and by fighting back.
